- Rajapalayam, Tamil Nadu

SKILLS

Technical Skills:

- Frontend Development | UI/UX Design |
- Adobe Photoshop | Arduino | Python |
- C programming | python | MS Office

Soft Skills:

- Communication Skills | Team
- Collaboration | Problem Solving | Time
- Management | Adaptability

CERTIFICATIONS

- Generative AI Mastermind – OutSkill
- App Development with Zero Coding -ZenKidz
- Power BI Workshop – OfficeMaster
- Master UI/UX Design Workshop - easyux
- PC Essential – iTech Academy
- LabVIEW for Electrical Automation and Control - AAACET
- Business Development: EDUTA

TOOLS

- Git & GitHub | VS Code | Figma | Vercel | canvas
- Arduino IDE | LabVIEW | BSP Software

EDUCATION

B.E - Electrical and Electronics Engineering
AAA College of Engineering and Technology
2023-2027

LANGUAGES

- English (Fluent)
- Tamil (Fluent)

PROJECTS

UI/UX designs projects:

- E-commerce Website UI/UX** – Designed responsive shopping interfaces with login, product, cart, and checkout screens.
- Food Delivery App UI/UX** – Created modern food ordering screens and user flow.
- Smart Bus Tracking UI/UX** – Developed mobile app screens for live tracking and seat availability checking

College mini- project:

- Machine Health Monitoring System** – Built an MQTT-based IoT system for real-time machine monitoring.

Internship Project:

- Gated Community Portal** – Contributed to frontend and backend development using ReactJS, NodeJS, and MySQL.

INTERNSHIP EXPERIENCE

R Sun Technology, Madurai

July 2025

Web Development Intern

- Assisted in developing responsive web interfaces and improving user experience.
- Gained practical exposure to frontend development concepts and web technologies.
- Collaborated with team members on real-time development tasks and project activities.

Shenll Technology Solutions Pvt. Ltd., Chennai

Full Stack Development Intern

Dec 2025 – Jan 2026

- Worked on frontend and backend development tasks in a professional development environment.
- Contributed to UI improvements and application functionality enhancements.
- Strengthened understanding of software development workflows and teamwork practices.

INPLANT TRAINING

TPSDI (Tata Power Skill Development Institute)

Jun 2026

Rooftop Solar Panel Installation Supervisor

- Assisted in the installation and supervision of rooftop solar PV systems.
- Performed site inspections and followed safety and quality guidelines.
- Gained hands-on experience in renewable energy and solar power technologies.
